

COURSES	LOCATION	DURATION (DAY/S)	2019											
			JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC
<u>Exploration & Production</u>														
Introduction to Oil & Gas: Upstream Overview	KL	1	15	19	12	2	2	20	23	20	17	15	12	10
	MIRI	1		14				27		14	24			3
Introduction to Drilling & Well Completions Operations	KL	2				18						8		
Introduction to Oil & Gas: Surface Production Facilities Overview	KL	1	29			3			16			22		
Introduction to Surface Production Facilities Overview - With Real Facilities Familiarization	INSTEP	2				15-16		24-25				8-9		10-11
Offshore Decommissioning for Oil & Gas Operators	KL	2											5-6	
<u>Downstream & Midstream</u>														
Introduction to Oil & Gas: Downstream Overview	KL	2				25							5	
Introduction to FPSO/FSO	KL	1			13						24			
Pipeline Risk Management & Assessment	KL	2				10						9		
<u>Operations & Maintenance</u>														
Mechanical Joint Integrity Training Courses - ECITB Certified	SELANGOR	3		11-13							23-25			
Fundamentals of Flow Measurement	KL	1						17					25	
Introduction to Measurement Uncertainty	KL	1						18					26	
Custody Transfer Flow Measurement Systems	KL	1						19					27	
Flow Calculations	KL	1						20					28	
Introduction to Hydrocarbon Allocation	KL	1						21					29	
Flange Management – Controlled Bolting Training	SELANGOR	2	23-24	27-28	27-28		2-3		24-25		25-26		20-21	
Asset Maintenance Management	KL	5			18-22						23-27			
Basic Inventory Management	KL	1				1						14		
Reliability-Based Maintenance Fundamentals	KL	2				2-3						15-16		
Asset Risk and Reliability	KL	2				4-5						17-18		
Introduction to Computer Maintenance Management Systems (CMMS)	KL	2						10-11						16-17
Work Management	KL	1						12						18
Reliability Centered Maintenance Principles	KL	2						13-14						19-20
<u>Health, Safety & Environment</u>														
Hazards and Effects Management Process (HEMP)	KL	2							30-31					
Job Hazard Analysis (JHA/JSA, Job Safety Analysis)	KL	2								15-16				
Bowtie Methodology for Risk Management for Oil & Gas Operators	KL	2				17-18			17-18			9-10		
Developing MAH Bowties for Offshore Contractor HSE Cases	KL	2								20-21			12-13	
Bowtie Risk Management Awareness Training Course for Senior Managers	KL	1						20			18			
Barrier-Based Risk Management Preventing Losses Through the Use of the Bowtie Technique	KL	2							2-3			29-30		
HAZOP (Hazard & Operability) Leader	KL	2								27-28				
Quantitative Risk Assessment (QRA)	KL	2									10-11			
Hazard Identification (HAZID)	KL	2												
Environmental Aspects Identification (ENVID)	KL	2											19-20	3-4
Tripod Beta Incident Investigation & Analysis	KL	1											5	
Environmental Risk Assessment (Offshore Exploration Phase)	KL	1							9					
Managing Drop Object Prevention Program	KL	2								8-9				
Managing Drilling Contractor HSE Management	KL	2								20-22				
Process Safety Management Overview	KL	2											26-27	
Oil Spill Contingency Preparedness	KL	2									4-5			
Emergency Response Training/Incident Command System (ICS)	KL	1										22
