

HSE LEADERSHIP FOR SUPERVISORS

4 - 6 July 2023 | 3 Days | Kuala Lumpur

Program Overview

The training course is designed to enable supervisors to become leaders in health, safety and the environment. The course provides guidance and support exploring what effective leadership means, what HSE management means, how to be a successful leader, how to communicate, motivate, mentor and coach a team. It further imparts knowledge to participants on how to conduct risk assessments, how to manage HSE in their teams, how to use behavior to their advantage, how to conduct reflective learning, how to investigate incidents, how to manage the environment and how to manage asset integrity and process safety as a supervisor.

Course Objectives

This course is designed to help participants understand:

- Understand the importance of their role in accident prevention / HSE management
- Demonstrate a range of HSE management skills and techniques which will be of practical use
- Demonstrate a range of skills to help motivate the workforce to behave safely for themselves and for others and to safeguard the environment
- Demonstrate leadership in managing HSE
